Some Notes

Meet the Designer

This year, our stand in will be attended by a couple of nice and friendly game designers who have worked on some of the popular board games in our catalogue.

Come along and say hello! Take this rare opportunity to discuss more about the games you are playing with the designers themselves. Or maybe challenge yourself to beat them at their game.

If you ask nicely, they would definitely be happy to sign your copy of their game as well!

Here's a little bit of their background:

Charles Chevallier is a French architect and game designer, living in the department of Yvelines, near Paris.
